

Marea Modrell

Maintenance Technician

Dear Shaylene Macwilliam,

I am thrilled to apply for the Maintenance Technician role at Johnson Controls. The opportunity to contribute to a forward-thinking company aligns perfectly with my professional aspirations and background.

With over fifteen years of experience in maintenance and engineering, I have honed my skills at Siemens, where I have been instrumental in ensuring the smooth operation of critical systems.

Some key achievements from my previous roles include:

- Spearheading a team at Siemens that reduced equipment downtime by **30%** through proactive maintenance strategies.
- Implementing a predictive maintenance program that saved **\$500,000** annually.
- Leading a project that increased energy efficiency by **20%** in a major manufacturing facility.

During my tenure, I acquired expertise in systems troubleshooting and machinery diagnostics, supported by my certification in advanced mechanical systems. My leadership in cross-functional teams has also been a significant asset.

Additional qualifications include:

- Certified in **HVAC Excellence** with a focus on sustainable practices.
- Awarded the **Siemens Innovation Award** for developing a novel maintenance protocol.
- Active member of the local engineering community, promoting sustainable technology initiatives.

Johnson Controls' commitment to innovative solutions and sustainability resonates deeply with my values. I admire your recent initiatives to enhance building efficiency and am eager to contribute to such impactful projects.

I am enthusiastic about the prospect of joining your team and am open to further discussions to explore how I can assist in driving your objectives forward. Thank you for considering my application.

Warm regards,

To

Shaylene Macwilliam
Johnson Controls
4875 West Nevso Drive, Las Vegas,
NV
