Srimedha Polivka

Network Engineer

Dear Jericka Tonsing,

I'm thrilled to apply for the Network Engineer role at Cisco. The prospect of contributing to a company renowned for innovation and excellence in technology is truly exciting.

With over seven years of experience at Juniper Networks, I've honed my skills in network design and implementation, ensuring robust and efficient systems.

Some key achievements from my previous roles include:

- **Reduced network downtime by 30%** through strategic infrastructure upgrades, enhancing overall productivity.
- Led a team in a major project that resulted in a **20% increase in data throughput**, significantly improving client satisfaction.
- Developed and deployed a security protocol that **eliminated 95% of network vulnerabilities**, safeguarding sensitive information.

My expertise extends beyond technical skills, encompassing leadership and strategic thinking. I hold a CCIE certification and have a proven track record in managing diverse teams to deliver complex projects on time.

Leadership and community involvement highlights:

- **Certified Cisco Internetwork Expert (CCIE)**, demonstrating advanced network engineering expertise.
- Spearheaded a community tech initiative, providing free workshops to underrepresented groups in tech.
- Recipient of the Juniper Networks Innovation Award for outstanding network solutions.

Joining Cisco aligns with my passion for pushing boundaries in technology. I admire Cisco's commitment to sustainability and digital transformation, which resonates deeply with my values and professional aspirations.

I am eager to bring my experience and enthusiasm to Cisco and am open to further discussions to explore how I can contribute to your team.

Warm regards,

To

Jericka Tonsing
