

Hilda Bittermann

Pharmacist

Dear Jasmin Spruit,

I am thrilled to apply for the Pharmacist role at CVS Health. The opportunity to contribute to a company renowned for its commitment to community health and innovation excites me.

With over seven years of experience as a pharmacist at Walgreens, I have honed my skills in patient care, medication management, and team leadership.

Some key achievements from my previous roles include:

- Spearheaded a team initiative that **reduced prescription errors by 20%**, enhancing patient safety.
- **Increased pharmacy revenue by 15%** in one fiscal year by implementing a successful customer loyalty program.
- Trained and mentored junior pharmacists, resulting in a **30% improvement** in team efficiency and service delivery.

Having completed advanced certification in immunization delivery and chronic disease management, I am well-equipped to bring additional value to CVS Health. My leadership in cross-departmental projects has also strengthened my ability to collaborate effectively.

Leadership and community involvement highlights:

- **Certified Diabetes Educator**, providing workshops to empower patients in managing their conditions.
- Led a community outreach program, increasing health awareness and participation by 40%.
- Awarded the **Walgreens Community Champion** for outstanding service and dedication.

CVS Health's mission to improve lives with accessible health care resonates deeply with my values. I am particularly drawn to your recent initiatives in telehealth, which align with my passion for leveraging technology to enhance patient outcomes.

I am eager to bring my expertise and dedication to CVS Health and look forward to the possibility of discussing this exciting opportunity further.

Warm regards,

To

Jasmin Spruit
