

Ladessa Barbarito

Procurement Specialist

Dear Corine Clowdis,

I am thrilled to express my interest in the Procurement Specialist role at Amazon. The opportunity to contribute to such an innovative company excites me profoundly, particularly given Amazon's reputation for excellence and forward-thinking strategies.

With over seven years of experience at Siemens, I have honed my expertise in procurement and supply chain management, driving efficiencies and optimizing processes to deliver substantial results.

Some key achievements from my previous roles include:

- Spearheading a project at Siemens that resulted in **20% cost reduction** across key supplier contracts.
- Leading a cross-functional team to implement a new procurement system, enhancing operational efficiency by **30%**.
- Successfully negotiating a critical supplier agreement that increased production capacity by **15%**.

In addition to these achievements, I bring strong analytical skills and a Lean Six Sigma Green Belt certification, which have consistently empowered me to streamline operations and enhance productivity.

Leadership and community involvement highlights:

- **Certified Professional in Supply Management (CPSM)**, demonstrating my commitment to continuous professional development.
- Recipient of the Siemens Excellence Award for outstanding project leadership.
- Volunteered as a mentor for young professionals in the supply chain field, fostering industry knowledge and growth.

Joining Amazon represents a unique opportunity to align with a company whose mission and values resonate deeply with my professional ethos. Amazon's relentless pursuit of customer satisfaction and innovative spirit are qualities I admire and strive to embody in my own work.

I am eager to explore how my experience and skills align with Amazon's goals and would welcome the opportunity to discuss this further. Thank you for considering my application.
