Edin Splittgerber

Research Assistant

Dear Lili Lluberes,

I am thrilled to apply for the Research Assistant role at Google. The opportunity to contribute to such an innovative company aligns perfectly with my passion for technology and research.

With over five years at Microsoft, I have honed my skills in data analysis and project management. These experiences have equipped me with a robust foundation to excel in dynamic environments.

Some key achievements from my previous roles include:

- Spearheading a data-driven initiative at Microsoft that resulted in a **30% increase in process efficiency**.
- Leading a cross-functional team to deliver a high-impact project, achieving **100% on-time delivery**.
- Developing an algorithm that improved user engagement metrics by **15%**.

Beyond technical expertise, I possess certifications in advanced data analytics and have demonstrated leadership in guiding teams through complex projects.

Leadership and community involvement highlights:

- **Certified** in Advanced Data Analytics by Stanford University.
- Awarded for outstanding leadership in Microsoft's Tech for Good initiative.
- Active participant in the Women in Tech community, mentoring aspiring professionals.

Google's commitment to fostering innovation and its dedication to making a positive impact on the world resonates deeply with me. The company's recent advancements in AI and sustainability inspire my desire to contribute and grow within your team.

I am eager to bring my experience and enthusiasm to Google. I look forward to the possibility of discussing how I can contribute to your team's success.

Warm regards,

To

Lili Lluberes
